

Administration in the Absence of Policy	B.23
<i>Adopted: July 23, 2013</i>	

It is the policy of the Hilldale Board of Education that in cases where action must be taken involving the operation of the Hilldale School District and where no guidelines have been established by board of education policy, the superintendent will have the authority to act. In such cases, the superintendent shall use his or her own best judgment based on what he or she believes the policy would be if it existed. Such emergency policy decisions will be reported to the board president as soon as practical and to the board of education at its next meeting. The board will then determine whether a permanent policy should be established.
