Hilldale Public Schools Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the Hilldale Public Schools ("School") receives a request for access.
Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
Parents or eligible students who wish to ask the School to amend a record should write the school principal or superintendent, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

See the list below of the disclosures that elementary and secondary schools may make without consent.

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))

- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))
- Information the school has designated as “directory information” under §99.37. (§99.31(a)(11))

INTRODUCTION

Remember that each student's success in school will be directly proportional to their efforts and to their future.

ACADEMIC AWARDS

At the end of each semester, honor roll lists will be published:

Superintendent's Honor Roll - students making all A's.

Principal's Honor Roll - students making 3.0 or higher, making all A's and B's.

The Oklahoma Honor Society is made up of the upper 10% of enrollment. For sophomores, juniors, and seniors the grades are based upon cumulative G.P.A. to end with the first semester of the current year. Freshmen will be based on the first semester of the current year.

The following requirements must be met by students in order to be considered for class Valedictorian or Salutatorian.

1. Must have attended Hilldale High School the entire Junior and Senior year.
2. Grades and grading scales from students' previous schools will be converted by recommendation of a committee consisting of the principal, counselor, and three staff members, to meet Hilldale's present policy.
3. Only courses designated honors and offered in the Hilldale curriculum as such will be calculated with an honors scale for Valedictorian and Salutatorian purposes.

Valedictorian and Salutatorian are selected on this basis.

1. Use the first seven (7) semester grades.
2. The grade point average will be figured to the nearest hundredth.
3. The student(s) with the highest grade point average on a five point scale will be valedictorian(s); the student(s) with the second highest grade point average will be salutatorian(s); and student(s) in the top 10% of the Senior class will graduate with honors.

ALTERNATIVE SCHOOL PROGRAM

Hilldale Public Schools believes in providing the best possible educational opportunities for all the students in the district. The Hilldale Learning Academy has been developed to provide an alternative setting and change of placement for students who are at risk. Qualifying students or students placed in the program will be given an opportunity to continue their studies and receive graduation credit for classes taken and passed. Attendance and grades will be recorded in student permanent record.

ATHLETICS/ACTIVITIES

All students involved in any activity sponsored by the school will ride on the bus or transportation provided by the school. After any activity away from school, students are expected to return with the group unless accompanied by their parents and with advance notice to the proper school official. Students will not be allowed to ride home with other parents or students following any activity away from the school. Students failing to adhere to the policy will be subject to disciplinary action deemed appropriate by the administration. Any student ejected from an extracurricular contest will be suspended from athletic contests until approval to return is obtained from the Principal and the Oklahoma Secondary School Activities Association.

EXTRACURRICULAR STUDENT ACTIVITIES POLICY ON TESTING FOR ILLEGAL OR PERFORMANCE ENHANCING DRUGS

The Hilldale Board of Education acknowledges that students participating in extracurricular activities set an example for all other students of the school district. In an effort to protect the health and safety of its students participating in extracurricular activities and to educate and direct these students away from drug and alcohol abuse, the Board of Education adopted policy for testing of students participating in extracurricular activities for the use of illegal drugs, alcohol, and performance enhancing drugs.

Students tested include any organizations that compete under OSSAA guidelines or procedures. This list includes but is not limited to: Golf, Football, Basketball, Soccer, Baseball, Softball, Track, Color Guard, Band, Select Choir, and Academic Team.

For view this policy in its entirety please visit our website at <http://www.hilldale.k12.ok.us> Go to Administration – Board Of Education – Board Policy. This policy is located in Section F or you may go to Athletics – Forms.

ATTENDANCE

The Hilldale Board of Education believes that in order for students to realize their fullest potential from educational efforts, they should attend all classes if possible. Realizing that some absences may be beyond a student's control, the Board has the policy requiring students to be in attendance a minimum of 90% of the time each semester to receive credit for any course in which the student is enrolled.

In accordance with the policy of the Hilldale Board of Education, the following regulation shall govern student attendance.

1. All students must attend classes at least 90% of the time for each semester to earn a passing grade for the course(s) in which enrolled. Students may have 9 absences a semester. On the 10th absence, the student will receive no credit for the class or classes in which they have the 10 absences. Excessive absences may prevent a student from receiving credit for courses and from promotion to the next grade.

2. If circumstances exist which the parent or guardian believes will warrant an exception to this rule, the facts may be considered by a committee consisting of the building principal, school counselor, and a teacher from the site. The parent or guardian shall personally appear before the committee. An adverse decision of the committee may be appealed to the superintendent. An adverse decision by the superintendent may be appealed to the Board of Education.
3. Parents shall notify the school by 9:00 AM on any day that a student is to be absent.
4. The student must provide written documentation from a parent or guardian explaining why he/she was absent in order to be granted relief from the absences by the attendance committee, should the committee become necessary. Students who return after such an absence must report to the office.
5. Students who arrive at classroom more than 10 minutes late or miss more than 10 minutes of any class will be marked as absent for that class.
6. Students whose absence is in violation of Oklahoma School Attendance laws shall be considered truant, and the school principal shall notify the proper authorities. Also, students absent more than four days or part days in any class in a four week period may be turned into the District Attorney's Office.
7. The classroom teacher and/or the principal shall make reasonable efforts to advise parents or guardians prior to assigning no credit to a class because of absenteeism. Parents or guardians will receive an attendance notification upon the student's 5th, 7th and 9th absence – per semester.
8. To receive credit for work missed during an absence, students may complete makeup work in accordance with the schedule established by the school site and is listed in this Handbook under makeup work.
9. Parents/Guardians will be contacted by phone after any unexcused absences.

Absences and Codes

Verified Absence (VA): This code will be given for a call from a parent verifying knowledge of the student's absence. This code will be given when an absence is substantiated by a written doctor's statement, court document, or other professional documentation. In order to receive this code, the student must bring the statement to the attendance office within 24 hours after returning to school. This code does count toward the exemption policy

Truancy: Definition of Truant: A student is identified as truant when he is absent and neither the parents nor school officials know of his whereabouts. Issued when:

- (a) a student is absent and neither the parents nor school officials have knowledge of his whereabouts,
- (b) parents fail to notify the school of a student's absence,

(c) a student leaves a class or campus without permission from a parent or school official,

A student who is truant will be disciplined according to school disciplinary policy and procedures. A student who is truant will receive a 0 on all work missed and will not be allowed to make it up for credit.

School Activity (SA): This code will be used when a student is on a field trip. The “SA” code indicates the student is present. This is a non-chargeable absence in terms of the 90% attendance requirement and the exemption policy. This code will be given when a student represents the school in a school approved activity organization that is sanctioned by the O.S.S.A.A. or approved sanctioning organization for interscholastic and other competitive events that are also sanctioned as post-season, state qualifying events. This code will not count in the 90% attendance requirement, or the exemption policy.

ATTENDANCE INCENTIVE

Although test scores and final grades are important, participation in a meaningful and productive manner in class on a daily basis is an invaluable part of a student’s total education. Hilldale School will provide various incentives for students each semester.

MAKEUP WORK SCHEDULE

Incomplete work, tests, or assignments will be recorded as a zero if not completed within the time schedule. The time schedule for turning in the missed work is as follows:

NUMBER OF DAYS ABSENT - WORK IS DUE AT THE BEGINNING OF THE CLASS PERIOD.

- 1 or 2 days - 3rd class meeting after returning to school.
- 3 or 4 days - 4th class meeting after returning to school.
- 5 or 6 days - 5th class meeting after returning to school.
- 7 or 8 days - 6th class meeting after returning to school.
- 9 or 10 days - 7th class meeting after returning to school.

Students who know they will be absent from school for a school activity, on out-of-town trips or for long weekends, etc. will be responsible for getting the assignments before they are absent and handing the assignments in on their return. Make-up tests will only be given before or after school hours as to not interrupt the classroom instructional component. This also applies to suspensions and short term alternative school placements.

ATTENDANCE/ACTIVITIES POLICY

The Hilldale Board of Education believes that attendance in regularly scheduled classes is a key factor in student achievement. Thus, any absence from those classes represents an educational loss to the student. The board recognizes, however, that the co-curricular program of the school also has educational merit. Therefore, it shall be the policy of this board to minimize absenteeism

from regular classes, while providing students the opportunity to participate in co-curricular activities. In keeping with this philosophy, the following procedures will be followed:

1. The Superintendent and Board of Education shall annually review the scheduling of activities so that minimal interruptions occur in the instructional program of a student.
2. The maximum number of activities for any student shall be ten (10) for any one class period of each school year (See regulations as a part of this policy).
3. The Board of Education shall appoint an internal activities review committee at the beginning of the school year. This committee shall be responsible for reviewing and recommending any deviation from the activities policy to the Board of Education. In the event it is not feasible to make the recommendation to the Board of Education, the Superintendent shall act on the recommendation and report to the board at the next regular meeting.
4. Any absence over the maximum of ten (10) without written permission from the internal activities review committee shall be counted as an unexcused absence in accordance with local board policy.
5. The principal's office will be responsible for keeping a weekly record of activities. These will be handed in to the principal's office each Friday evening by the classroom teachers.
6. The principal's office keeps the master record of activity absences for inspection by outside interested parties who have the authority to inspect the records.
7. Teachers and sponsors will be very diligent in scheduling activities to be sure the activity does not cause the student to have too many activity absences.
8. The classroom teachers will be responsible for keeping a record of student activity absences that occur in their classes. A special designation will be used in their record book that will be consistent with other teachers.
9. The teacher will make available at any time the number of student activity absences a student has when the student requests.
10. The teacher and student share the responsibility to ensure the student does not exceed ten activity absences.
11. Because the student is charged with the activity absences, it is the student's privilege to decide if he/she needs to be out of class for an authorized activity.

By August 1 of each school year, each principal shall submit a list of school activities scheduled for the school year. Each principal shall indicate those activities that will require a student to miss class time for participation. The superintendent shall submit this list for the Board of Education to review at the regular August board meeting.

As new activities are scheduled during the school year, each principal shall submit these new activities to the superintendent at the end of each calendar month. Those activities that require students to miss class time will be submitted to the Board of Education for its review at the next regularly scheduled board meeting.

INTERNAL REVIEW COMMITTEE MEMBERS

The Internal Activities Review Committee shall be composed of:

1. Building Administrator
2. Athletic Director or Assistant Superintendent
3. High School teacher or Middle School teacher

GRANTING OF EXCEPTIONS

In order for a student to request an exception to the ten (10) day limit through the internal activities review committee, the student must meet the following criteria:

1. Must have a "B" average, with no failing grades for the previous nine week grading period.
2. Must meet the local attendance policy.
3. Must request an exception for an absence that, in the view of the administration, will benefit the student and/or the school.
4. Must request the exception in writing with activity sponsor approval to the proper committee through the building principal before the Thursday preceding a regularly scheduled Board of Education meeting.
5. The sponsor of the activity may be requested to attend the review for which the exception is being considered.
6. The request must give the amount of time the student will be absent if the exception is approved.

In case of a complaint concerning the administration of the attendance and activity policy, such complaint shall be submitted in writing to the Superintendent. The Superintendent shall notify the Board of Education of the complaint and shall attempt to resolve the complaint for the complainant. If such complaint is not resolved locally, the Superintendent shall forward the complaint to the Accreditation Section of the State Board of Education for its action. The Hilldale Public Schools will cooperate fully with the State Department of Education in its investigation of the matter.

AUTOMOBILES AND CYCLES

The Hilldale Board of Education will permit student use and parking of motor vehicles on the high school campus only. Students driving a motor vehicle to the high school campus may park the

vehicle in the parking lot designated for student parking. Students will not park vehicles in driveways or private property. The vehicle will not be used during the school day. In the event of an emergency, permission may be granted for a student's use of a vehicle.

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles when on school property. The interior of student vehicles may be inspected whenever a school authority has reason to believe that illegal or unauthorized materials may be contained inside. Such patrols and inspections may be conducted without notice, without consent, and without a search warrant.

Procedures

1. Students who wish to park a motor vehicle in any school parking area must possess an appropriate and valid Oklahoma Operator's permit or license. Permits are \$5.00 and replacement permits are \$2.00.
2. A parking permit must be obtained from the main office and will be retained in the office files. A parking permit will be issued to the student operator. The permit must be placed in a conspicuous spot in the front window of the vehicle.
3. Once parked, student vehicles may not be driven until school is dismissed for the day without permission of the administration.
4. The parking area west of the high school building is designated for student automobile parking. Exceptions: Only seniors may park in slots located in front of the High School, noted with red dots. Motorcycles or motor scooters may be parked along the south fence by the football field. Illegally parked vehicles may be towed away at owner's expense.
5. Students may not sit in, or upon, or congregate around vehicles at any time during (including lunch), before or after school.
6. Vehicles shall not be driven on any grass area, around the middle school, or upon or into any area not designated as a driveway or parking area.
7. All state laws, city laws, ordinances, and school rules and regulations shall be strictly enforced.
8. Any student found in violation of any of these rules shall, on the first offense, be fined \$5.00. The second violation will result in a fine of \$7.00. A third offense will cause a two-week suspension of parking privileges for the offender. Upon the fourth instance of violation, the student will no longer be allowed to bring his/her vehicle to the Hilldale High School campus and if the car is on campus it will be towed at Owner's expense. Refusal to pay fines within two weeks of issuance will cause suspension from parking until the fine is paid.

9. The School retains authority to conduct routine patrols of student parking lots and inspections of the interiors of student automobiles when on school property. The interior of student vehicles may be inspected whenever a school authority has a reasonable suspicion that illegal or unauthorized materials may be contained inside. Such patrols and inspections may be conducted without notice, without consent and without a search warrant. A student who refuses to open his or her vehicle to be searched may be prohibited from driving his or her vehicle on school property and suspended from school for the refusal.
10. There is to be only one person on each cycle at all times.

BEFORE SCHOOL POLICY

The High School doors will open promptly at 7:30 a.m. on a daily basis. Students will be allowed to congregate in the school cafeteria of the high school. The gym and hallways will be off limits unless prior teacher approval has been acquired or tutorial services are being rendered.

BUS RIDERS (PARENTS OF)

School transportation is a privilege provided for the convenience and safety of the students. Undesirable conduct by the students can create a very dangerous situation. It may not only cause someone to be injured inside the bus, but could lead to a collision with another vehicle. If the driver is distracted by student behavior, any of the above could result. Quietly visiting with the student sitting next to him/her is permissible.

Students shall conduct themselves in a manner consistent with good classroom behavior while waiting for and traveling on buses. There is to be no loud talking or moving about while on the bus. Students must not shout, sign or otherwise cause any disturbance that may distract the driver. Students should keep absolutely quiet when the bus is approaching railroad tracks from any direction to enable the driver to hear emergency and train signals. Students are to obey the request of the driver the same as they would a teacher. Consumption of food or beverages is prohibited on the school bus.

Windows must remain closed unless the driver permits them to be opened. No one is to put any part of his/her body out a window or throw any objects out of a bus window. Hands and feet are to be kept out of aisle. Any object carried on the bus is to be held in the student's lap or placed where the driver requests. High School students that depart the bus at the elementary school shall not enter the building.

Entering the bus:

Students must board the bus at designated bus stops, if any, and at school bus boarding areas on school premises. Students must stand back and remain orderly until the bus comes to a

complete stop and the driver gives boarding permission. Then line up in order to enter the bus single file with no pushing or shoving. Once inside the bus, go directly to a seat and sit down.

Seats may be assigned at the driver's discretion. If the driver has assigned a student a seat, that is the seat he/she is required to sit in. The driver will be the judge as to how many should be in each seat. Seats are not to be held for a student who enters at a later stop, and everyone is expected to share seats. Passengers must be seated immediately. Seats may not be held for later passengers and must be shared when necessary.

Departing the bus:

Students waiting at the elementary school until school dismissal must remain on the bus. All students are required to remain seated until the bus comes to a complete stop. When the bus stops, students who get off at that stop are to depart single file as quickly as possible and get away from the bus. If a student must cross the street he/she is to quickly walk approximately ten steps in front of the bus and wait for the driver to signal when it is safe for him/her to cross. **NEVER WALK BEHIND A SCHOOL BUS.** All students are to get off the bus at a school or at their regular stop. The school bus will not move until the student can be observed by the driver.

The following are possible disciplinary consequences for bus misconduct:

- a. First offense per semester: Upon the first offense of unacceptable conduct, the principal will notify the student and parent. The principal will take whatever action he or she deems necessary.
- b. Second offense per semester: Student will be placed on probation and parents notified. Detention may be assigned.
- c. Third offense per semester: Upon the third offense, the principal will notify the student and the parents that the student is suspended from bus riding privileges for five days.
- d. Fourth offense per semester: Upon the fourth offense, the principal will notify the student and parent that the student is suspended from riding for the equivalent of one semester.
- e. The principal has the authority to deviate from this disciplinary action schedule on a case by case basis.

Defacing a school bus:

Any student caught writing on a bus, tearing or cutting a seat, tearing off padding or defacing a bus in any manner will be suspended immediately from riding a school bus. Parents of such students are liable for damages.

First offense for defacing a school bus:

This will be a mandatory suspension from riding the bus for a period of time to be determined by the principal and payment of damages in full.

Second offense for defacing a school bus:

This will be a mandatory suspension from riding the school bus for the remainder of the school year and full payment of damages.

Meal Charge Policy

1. Purpose

The goal of Hilldale Public Schools is to provide students with healthy meals each day. However, unpaid charges place a large financial burden on our Food Services Department. The purpose of this policy is to insure compliance with federal reporting requirements for the USDA Child Nutrition Program, and to provide oversight and accountability for the collection of outstanding student meal balances.

The intent of this policy is to establish uniform meal account procedures throughout Hilldale Public Schools. The provisions of this policy pertain to regular priced school breakfast and lunch meal only. While the USDA Child Nutrition Program does not require that a student who pays for regular priced meals be served a meal without payment, Hilldale Public Schools provides this policy as a courtesy to those students in the event that they forget or lose their lunch money.

2. Policy

Full Pay Students – Elementary and Middle School Students must prepay or pay cash that day for all meals. A student will be allowed to charge a maximum of five (5) meals to their account after the balance reaches zero. Once a student has charged those five meals, he/she will not be allowed to charge but will be offered an alternate menu. Sample: sandwich, fruit, and milk. This alternate menu will not be charged to the child's meal account. He/she may not charge a la carte items.

High School Students- High School students must prepay or pay cash at the register for all meals and a la carte purchases. A student will be allowed to charge a maximum of three (3) meals to their account after the balance reaches zero. Once a student has charged those three meals, he/she will not be allowed to charge but will be offered an alternate menu. Sample: sandwich, fruit, and milk. This alternate menu will not be charged to the child's meal account. He/she may not charge a la carte items.

Free Meal Benefit-Free status students will be allowed to receive a free breakfast and lunch each day. A la carte must be prepaid.

Reduced Meal Benefit- Reduced status students will be allowed to receive a breakfast for \$.30 and lunch for \$.40 each day. A student will be allowed to charge a maximum of five (5) meals to their account after the balance reaches zero. Once a student has charged those meals, he/she will be offered an alternate menu. Sample: sandwich, fruit, and milk. This alternate menu will not be charged to the child's meal account. A la carte must be prepaid.

Parents/Guardians are responsible for meal payment to the food service program. Notices of low or deficit balances will be sent to parents/guardians at regular intervals during the school year.

All school cafeterias possess computerized point of sale/cash register systems that maintain records of all monies deposited and spent for each student and said records are available by setting up an account or by speaking with the cafeteria manager.

Student/Parents/Guardians pay for meals in advance via www.payschools.com by credit or debit card or send check payable to Hilldale Food Service. If you send money with elementary students please place it in an envelope with the student's name and teacher's name on it.

Refunds for withdrawn, and graduating students; a written request for a refund of any money remaining in their account must be submitted to the cafeteria manager. An e-mail request is also acceptable. Students who are graduating at the end of the year will be given the option to transfer to a sibling's account .

Unclaimed Funds must be requested within one school year. Unclaimed funds will then become the property of Hilldale Public School Food Service Program.

Balances Owed collection of owed balances will follow the policies and procedures set by Hilldale Public School Board of Education.

Teachers and Support Staff must prepay or pay cash at the register for all meals and a la carte purchases. You may charge 5 meals to your account then until your balance is paid off you will not be able to charge any more meals.

CHEATING POLICY

Whenever the student is suspected of cheating, the teacher shall collect the student's paper, send the student to the office, and inform the administration of the facts surrounding the suspected cheating for an investigation. If found guilty of cheating, the student will not earn a grade on the work he/she cheated upon and may be subject to further punishment deemed appropriate by the administration pursuant to the student disciplinary policy found on pages 52-55 of this handbook.

CHECK POLICY

Although the District is not a banking facility, we will attempt to divide the amount of a check among siblings and to apply the amount to different lunch accounts. However, the District will not divide cash from a lunch check and apply it to things such as yearbook purchases, Weekly Reader, etc. or give the cash to the child. To purchase an optional or required item, the check must be written for the exact amount of purchase.

CHILD ABUSE

By law Hilldale Public School employees are required to report any suspected child abuse or neglect to the proper authority.

GRADE CLASSIFICATION OF STUDENTS

To ensure that students are classified in a uniform manner, and that students who start the school year as seniors and pass all classes may have the opportunity to graduate, when a student enters a new school term, he or she will be classified according to the following criteria/number of credits required:

Senior	Minimum 17 Credits
Junior	Minimum 10 Credits

Failure to arrive on time will result in further discipline.

DANGEROUS WEAPONS

Dangerous weapons, including but not limited to firearms, are a threat to the safety of the students and staff of the district. In addition, possession of dangerous weapons, or replicas or facsimiles of dangerous weapons, disrupts the educational process and interferes with the normal operation of the district.

For the foregoing reasons and except as specifically provided in this policy, possession by any student of a dangerous weapon, as that term is defined in this policy, or a replica or facsimile of a dangerous weapon, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited. Further, use of any item or instrumentality by a student to threaten harm to any person or which is used to harm any person, while on school property, at a school-sponsored activity, or on a school bus or vehicle, is prohibited.

For purposes of this policy, "possession of a dangerous weapon" includes, **BUT IS NOT LIMITED TO**, any person having a dangerous weapon: (1) on his/her person; (2) in his/her locker; (3) in his/her vehicle; (4) held by another person for his/her benefit; or (5) at any place on school property, a school bus or vehicle, or at a school activity.

IT WILL NOT BE A DEFENSE TO ANY DISCIPLINARY ACTION UNDER THIS POLICY THAT THE STUDENT POSSESSING THE DANGEROUS WEAPON DID NOT KNOW THAT IT IS A DANGEROUS WEAPON, BUT SUCH CLAIM OF A LACK OF KNOWLEDGE MAY BE CONSIDERED IN MITIGATION OF ANY DISCIPLINARY PENALTY.**

Any student in possession of a dangerous weapon, or replica or facsimile of a dangerous weapon, in violation of this policy or who uses any item or instrumentality to threaten harm to any person or

is used to harm any person may be placed under emergency suspension from school, pending an investigation of the incident by the appropriate school or legal authorities. Students who violate this policy may be suspended from school and all school activities for any period of time up to the maximum period authorized by law. For this exception, prior written approval by the principal, in consultation with the superintendent, is required.

A student's inadvertent or unintentional possession of a dangerous weapon or replica or facsimile thereof on school property, a school bus or vehicle, or at a school activity is no defense or excuse to compliance with this policy, but may be considered in determining the length or severity of any punishment for violation of this policy.

Content. The distribution of written material shall not be restricted or denied solely because of the political, religious or philosophical content of the material. However, students must realize that rights go hand-in-hand with responsibilities and that students have a responsibility to refrain from the distribution of written material that is:

1. Obscene to Minors, meaning (a) material which, taken as a whole, lacks serious literary, artistic, political or scientific value for minors and, (b) when an average person, applying contemporary community standards, would find that the written

material, taken as a whole, appeals to an obsessive interest in sex by minors of the age to whom distribution is directed.

2. Libelous, meaning a false and unprivileged statement about a specific individual that tends to harm the individual's reputation.
3. Vulgar, Lewd or Indecent, meaning material that, taken as a whole, an average person would deem improper for presentation to minors because of sexual connotations or profane language.

6. Disruptive of School Operations, meaning material that, on the basis of past experience or based on specific instances of actual or threatened disruptions relating to the written material in question, is likely to cause a material and substantial disruption of the proper and orderly operation of school activities or school discipline.

Students will have the right, but are not required, to submit written materials to the school principal in advance of distribution. If the school principal concludes that the submitted written material falls within one or more of the categories of prohibited materials described above, the principal shall notify the students in writing stating the reasons within twenty-four (24) hours (excluding nonschool days) of the principal's receipt of the material. Students may elect to distribute written material disapproved by the principal, but students should understand that such distribution may subject them to disciplinary action as provided herein and that the principal may elect to take action to halt distribution of the material.

GRADING PRACTICES

The semester grade is a cumulative grade from the beginning to the end of each semester. Each semester progress reports will be distributed at 4-1/2 weeks, 9 weeks, and 13-1/2 weeks, with

a final grade card given at the end of the semester. The semester grade is the only grade reported on the student transcript.

In addition to the above reports, parents may view student grades on-line at any time during the semester. Parents should feel free to discuss their child's progress with the appropriate teacher(s) or staff by appointment at any time. Parents who do not have access to the Internet are encouraged to contact the school counselor or administrator for periodic grade checks of their child's progress. The most effective communication is two-way communication.

Beginning in the 9th grade year, all students maintain a grade point average (GPA) that is listed as a part of their permanent record. Each student's GPA is based upon semester grades received in each class. The GPA is used to determine student acceptance into such groups as the Oklahoma Honor Society, National Honor Society, and other school organizations, as well as being one of the criteria for holding a class or Student Council office. GPA is also used to determine each student's rank in class.

GRADUATION ACTIVITY

Hilldale Public Schools provides one graduation activity. This activity should be very special to those who participate in it. GUIDANCE

The purpose of the guidance program is to help each individual student achieve his or her highest growth mentally, emotionally, and socially. We try to do this in several ways:

1. Helping the new student feel at home in a different setting or school with new teachers and friends.
2. Individual conferences whenever a student, a teacher, or the counselor deems it necessary.
3. The counselor welcomes the opportunity to talk things over with any student, parent, or teacher.
4. The counselor will interview all students as to academic needs twice each year.

Virtual Courses

In accordance with state and federal law Hilldale High School does offer on-line courses for students. Information for enrollment in on-line courses may be obtained through the counselors' offices.

HARASSMENT, INTIMIDATION, BULLYING AND THREATENING BEHAVIOR BY STUDENTS

The *School Bullying Prevention Act* and School District prohibit peer student harassment, intimidation, bullying and threatening behavior. This policy is in effect while the students are on school grounds, in school transportation, or attending school-sponsored activities, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. The term "harassment, intimidation and bullying" includes, but is not limited to any gesture, written or verbal expression, electronic communication or physical act that a reasonable person should know will:

1. harm another student;
2. damage another student's property;
3. place another student in reasonable fear of harm to the student's person or damage to the student's property; or
4. insult or demean any student or group of students in such a way as to disrupt or interfere with the School District's education mission or the education of any student.

The term "threatening behavior" means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel or school property.

The Board of Education has adopted a policy prohibiting harassment, intimidation, bullying and threatening behavior that defines and explains this conduct and the District's response to the

requirements of state law. Students and their parents can obtain a copy of the policy from their building principal or the superintendent.

Students should immediately report acts of harassment, intimidation, bullying or threatening behavior toward them or other students to school personnel.

Parents should:

1. Report harassment, intimidation, bullying and threatening behavior when it occurs;
2. Take advantage of opportunities to talk to their children about prohibited conduct;
3. Inform the school immediately if they think their child is receiving or initiating prohibited conduct;
4. Watch for symptoms that their child may be a victim of prohibited conduct and report those symptoms;
5. Cooperate fully with school personnel in identifying and resolving incidents; and
6. Participate in all activities designed to eliminate harassment, intimidation, bullying and threatening behavior, including activities designed to address confirmed incident.

SEXUAL HARASSMENT

Hilldale Public Schools prohibits any form of sexual harassment of any student or employee. In the case of a student of the School District, “sexual harassment” is defined as unwelcome sexual advances, requests for sexual favors and other unwelcome verbal or physical conduct of a sexual nature by any person towards a student. Any student engaging in sexual harassment is subject to any and all disciplinary action which may be imposed under the School District’s code of student conduct.

Examples of prohibited sexual harassment are: Touching someone in ways that are not OK with him/her, making fun of someone’s private body parts, passing a note with sexual content about someone’s body, continuing to tell dirty jokes after being asked to stop, making slurs about someone’s sexual orientation, and pressuring someone for sexual touches.

Reporting Sexual Harassment

Any student who is or has been subjected to sexual harassment or knows of any student who is or has been subjected to sexual harassment should report those incidents to his or her principal, counselor or teacher, or to a board member, the superintendent or one of the School District’s compliance coordinators. If a report of sexual harassment needs to be made after normal school hours, then the student or his or her parent may contact the superintendent, principal or any board member at home.

It is preferred that all such reports be made in person or in writing signed by the reporting party. However, in order to encourage full and complete reporting of such prohibited activities any person may report such incidents in writing and anonymously by providing such reports to the personal attention of any of the above-designated persons.

All reports of sexual harassment should state the name of the student or employee involved, the nature, context and extent of the prohibited activity, the date of the prohibited activity and any other information necessary to a full report and investigation of the matter.

DISABILITY HARASSMENT

Hilldale Public Schools prohibits disability harassment under Section 504 and Title II of the Americans with Disabilities Act. Disability harassment includes intimidation or abusive behavior toward a student based on disability that creates a hostile environment by interfering with or denying a student's participation in or receipt of benefits, services or opportunities in the school's program. Harassing conduct may include verbal acts and name-calling, nonverbal behavior such as graphic and written statement, or conduct that is physically threatening, harmful or humiliating.

The following are examples of disability harassment:

1. Several student continually remark out loud to other students during class that a student with dyslexia is retarded or deaf and dumb and does not belong in the class; as a result, the harassed student has difficulty doing work in class and her grades decline.
2. A student repeatedly places classroom furniture or other objects in the path of classmates who use wheelchairs, impeding the classmates' ability to enter the classroom.
3. A teacher subjects a student to inappropriate physical restraint because of conduct related to his disability, with the result that the student tries to avoid school through increased absences.
4. A school administrator repeatedly denies a student with a disability access to lunch, field trips, assemblies and extracurricular activities as punishment for taking time off from school for required services related to the student's disability.
5. A teacher repeatedly belittles and criticizes a student with a disability for using accommodations in class, with the result that the student is so discouraged that she has great difficulty performing in class and learning.
6. Students continually taunt or belittle a student with mental retardation by mocking and intimidating him so he does not participate in class.

Contact the School District's Section 504/ADA Coordinator Dr. Deborah Tennison, Director of Special Education, 500 E. HILLDALE ENRICHMENT PROGRAM

Hilldale High School offers an enrichment program for those who meet the requirements of gifted and talented. The following options may be used by the gifted students:

1. Advanced placement classes/honor classes/OSSM.
2. Membership programs.
3. Concurrent enrollment.
4. Correspondence courses.
5. College courses offered via telecommunications with H.Dot 323.

GRADING SCALE FOR HONOR CLASSES

It is the philosophy of the faculty and administration of Hilldale Public Schools to encourage students to enroll in those courses that challenge even the most academically able student. Students who enroll in these challenging courses are to be compensated by receiving grades that are "weighted". The basic purpose of the "weighted" grade is to provide an incentive for students to enroll in a program of advanced studies.

All courses taken in grades 9 through 12 will be included on the student transcript and will be considered when calculating the grade point average (GPA). The standard 4 point grading system (A=4; B=3; C=2; D=1; and F=0) will be used when calculating GPA on all student classes except those designated as honor classes.

Guidelines:

1. An honor course must be an extension of the core curriculum requiring higher level thinking skills. Such courses will include but not be limited to additional reading, writing, or laboratory activities/experiences chosen to enrich the program.
2. Consideration for placement in honors will be based on a referral by parent, teacher, counselor, or administrator. Enrollment will be determined by recommendation of the Honors teacher/Principal.
3. A recommendation for addition or deletion of honor courses from the curriculum will be made by a committee consisting of the department heads, Counselor, and Administrator.
4. Any honor course must be approved by January 1st of the year prior to its offering.
5. All honor courses will be graded on a 5-point grading scale.
(A=5) (B=4) (C=3) (D=2) (F=0)

Honor courses that are being awarded weighted grades are:

Trigonometry/Pre-Calculus
Pre AP English 9
***College Classes**

Chemistry II (AP)
Pre AP English 10

AP English 11-12

Students moving into the District must petition the High School Principal to award weighted grades for courses taken at other high schools. Students must provide transcripts and course syllabi when petitioning for weighted grade status.

**Starting with the Senior Class of 2017 all college classes will be awarded weighted grades.*

GRADING SCALE

100 - 90 = A = 4 points
89 - 80 = B = 3 points
79 - 70 = C = 2 points
69 - 60 = D = 1 point
59 - = F = 0 point

HONOR GRADING SCALE

100 - 90 = A = 5 points
89 - 80 = B = 4 points
79 - 70 = C = 3 points
69 - 60 = D = 2 points
59 - = F = 0 point

IMMUNIZATION

Except as otherwise provided by law, immunization records on all students must be complete before enrollment.

INAPPROPRIATE ITEMS

Students should leave at home the following, (including but not limited to): all electronic games, dice, toys, fidget spinners and any other item that could become a distraction in the classroom. These items are not to be at school and will be confiscated and returned to a parent/guardian only. The school will not be held responsible for any stolen, traded, or sold student property.

INJURED OR ILL STUDENTS

Students that are injured or become ill will report to their teacher, counselor, or to the office. Every effort will be made to contact the parents. If the parent cannot be located, the school principal will determine if the illness or injury will need medical attention.

It is most important that parents have on file a signed medical release for the school to use during those times when parents cannot be found. The hospital and clinics will not give treatment without this parent release.

INSURANCE

School insurance is available to all students. A packet will be available for each student the first week of classes. Purchase of the insurance is optional.

INSURANCE FOR ATHLETES

All students who participate in athletics must have insurance coverage. The school will make student insurance available. Students who do not take the student insurance must furnish a note signed by their parents stating that they have insurance coverage. These notes will be kept on file in the coach's office. Parents will be furnished a brief description of the policy made available by the school.

INTERNET/COMPUTER ACCEPTABLE USE POLICY

Hilldale Public Schools Board

Applicability

These policies shall apply to all users, students, teachers and administrators, of computer/telecommunications systems which are entered via equipment and access lines located at Hilldale Public Schools or who obtain their access privileges through association with this school. A complete copy of the district technology policies may be found on the website at <http://hilldale.k12.ok.us> or a paper copy can be found at each site in the office.

With access to computers and people all over the world also comes the availability of material that may not be considered to be of educational value in the context of the school setting. Hilldale Public Schools has taken precautions to restrict access to controversial materials. However, on a worldwide network it is impossible to control all materials, and an industrious user may discover controversial information. We (Hilldale Public Schools) firmly believe that the valuable information and interaction available on this international network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the District.

Internet access is coordinated through a complex association of government agencies and regional and state networks. In addition, the smooth operation of the network relies upon the proper conduct of the end users who must adhere to strict guidelines. These guidelines are provided here so that you are aware of the responsibilities you are about to acquire. In general this requires efficient, ethical and legal utilization of the computer/network resources.

The signature (s) on the “**User Agreement**” document is (are) legally binding and indicated the party (parties) who signed has (have) read the terms and conditions carefully and understand(s) their significance.

Purpose

The purpose of this policy is to ensure school-level compliance with policies and guidelines concerning the use of computers and the Internet which may be generated at state, national and international levels, and to help assure the school's opportunity to access the Internet, other existing computer sites, and those telecommunications and networking programs which may be developed in the future.

Acceptable Use

The use of the Internet must be in support of education and research and consistent with the educational objectives of the Hilldale Public Schools. Use of other organization's network or computing resources must comply with the rules appropriate for that network.

Consequences of Inappropriate Network Behavior

The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The Hilldale Public Schools administrators will deem what is inappropriate use and their decision is final. The administration, faculty, and staff of Hilldale Public Schools may request the system administrator to deny, revoke, or suspend specific user privileges. Vandalism will result in cancellation of privileges. Vandalism is defined as any malicious attempt to steal, harm or destroy computer hardware, system software, data of another user, Internet, or any of the above listed agencies or other networks that are connected to the NSFNET Internet backbone. This includes, but is not limited to, the uploading or creation of computer viruses.

Any user who does not comply with Policies and Guidelines will lose computer/network privileges. Student infractions may result in appropriate disciplinary action in addition to suspension or termination of access privileges. Unauthorized use of the network, intentional deletion or damage to files and data belonging to Hilldale Public Schools or to other users and/or copyright violations may be termed theft, as defined under Oklahoma State Department of Education.

A. District Acceptable Use Policy

The following uses of the District Internet system are considered unacceptable:

1. Personal Safety (Restrictions are for students only)

- a. Users will not attempt to gain unauthorized access to the District Internet system or to any other computer system within the District or go beyond their authorized access. This includes

attempting to log in through another person's account or access another person's files. These actions are illegal, even if only for the purposes of "browsing".

- b. Users will not make deliberate attempts to disrupt the computer system performance or destroy data by spreading computer viruses or by any other means. These actions are illegal.

- b. Users will immediately notify the Director of Technology if they have identified a possible security problem. Users will not go looking for security problems, because this may be construed as an illegal attempt to gain access.
- c. Users will not download software of any kind using the schools network. Such an act will be viewed as a potential attack and will result in suspension or revocation of access to Hilldale's network.
- d. Oklahoma Law 1996 H.C.R. 1097 which directs all state agencies and educational institutions to keep computer systems free from obscene materials. Any student purposely attempting to gain access to such material will be suspended from network access or have their network privileges revoked.
- e. In compliance with the Protecting Children in the 21st Century Act Section 254(h)(5), we are educating minors about appropriate on-line behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response.

4. Inappropriate Language

- a. Restrictions against Inappropriate Language apply to public messages, private messages, and material posted on sites found on the Internet.

5. Respect for Privacy

6. Respecting Resource Limits.

- a. Users will use the system only for educational and professional or career development activities (no time limit), and limited, high-quality, self-discovery activities.
- b. Users will not download large files unless absolutely necessary. If necessary, users will download the file at a time when the system is not being heavily used and immediately remove the file from the system computer to their personal computer.
- c. Users will not post chain letters or engage in “spamming”. Spamming is sending an annoying or unnecessary message to a large number of people.
- d. Users will check their e-mail frequently, delete unwanted messages promptly, and stay within their e-mail quota.
- e. Users will subscribe only to high-quality discussion group mail lists that are relevant to their education or professional/career development.

7. Plagiarism and Copyright Infringement

- a. Users will not plagiarize works that they find on the Internet. Plagiarism is taking the ideas or writings of others and presenting them as if they were original to the user.
- b. Users will respect the rights of copyright owners. Copyright infringement occurs when an individual inappropriately reproduces a work that is protected by a copyright. If a work contains language that specifies acceptable use of that work, the user should follow the expressed requirements. If the user is unsure whether or not they can use a work, they should request permission from the copyright owner.

8. Inappropriate Access to Material

- a. Users will not use the District Internet system to access material that is profane or obscene (pornography), that advocates illegal acts, or that advocates violence or discrimination towards other people (hate literature). For students, a special exception may be made for hate literature if the purpose of such access is to conduct research and access is approved by both the teacher and the parent. District employees may access the above material only in the context of legitimate research.

- b. If a user inadvertently accesses such information, he or she should immediately disclose the inadvertent access in the manner specified by the school. This will protect users against an allegation that they have intentionally violated the Acceptable Use Policy.

LEAVING THE SCHOOL GROUNDS

HILDDALE HIGH SCHOOL HAS A CLOSED CAMPUS.

Students are not permitted to leave the school grounds at any time during the school day unless approved by the Principal. Parents must come in and sign out students; phone calls will only be taken to release students for emergencies, appointments with a doctor, dentist or chiropractor – in which cases, the student must submit verification from the medical professional upon return.

During lunchtime, students should be in the cafeteria or commons area only. Students are not to be in the parking lot during the school day, including lunch times. Hilldale High School has a policy of a closed campus for lunch. Students may not leave campus during the lunch period without their parent physically checking them out in the office and accompanying them to lunch. Students leaving campus at lunch will be disciplined for truancy. **Students may not order food from outside vendors to be delivered to the school.**

Students leaving the school grounds at anytime during the school day without permission of the Principal will be considered truant, and disciplinary action will be taken and the student will not receive credit for any work missed during the time they were gone.

Locker assignments may be changed the first week of school with permission of the Principal. Students should stay out of lockers not assigned to them. School officials may inspect lockers at any time without notice and seize property prohibited by law or school policy. It is strongly recommended that students provide a combination lock for their locker. The school cannot be held responsible for theft from an unsecured locker. A copy of the combination is to be on file in the High School Office. Failure to do so may require a lock to be removed with bolt cutters during searches or emergency situations. Students are not allowed to switch lockers with other students.

MEDICATION

By law, the school cannot administer any medication to students without the express written approval of the parents. If your child is to receive medication during the school day, there are forms available in the office that will grant the school permission to administer the medicine. The school does not provide pain medication, antacids, etc. for students.

Students are NOT permitted to carry prescription drugs or over the counter drugs unless they are specifically authorized to do so by authorized school personnel in compliance with School District property. For example, students in need of inhaled asthma medication, anaphylaxis medication or supplies and equipment to treat diabetes may obtain authorization to carry those items with them. Unless they are authorized to carry their own medication, students must turn their medication in to the office to be administered by office personnel.

All medication kept in the office will be destroyed thirty (30) days after the close of school.

O.S.S.M.

The Oklahoma School of Science and Math, partnering with various regional Career Technology Centers, began in the 2000-2001 school term to offer advanced placement classes across the state. Our regional site for these classes is Indian Capital Technology Center. Students in their Junior and Senior year are eligible to apply to O.S.S.M. at regional sites. O.S.S.M. will notify students and parents of their acceptance or denial. Classes taken through O.S.S.M. will count as advance placement credit on a 5 point scale. Credits per class are set by O.S.S.M. Students will be notified in the spring of each year when applications arrive. Interested students or parents should contact the counseling services at the school.

PARENT CUSTODY

A parent who is awarded legal custody of a child by court action must file a copy of the court decree awarding such custody with the school. If the custodial parent does not wish the child to be released to the non-custodial parent, an appropriate written instruction should also be filed with the school. All staff should refer to any questions to the respective building principal.

Absent a court degree to the contrary, both natural parents have the right to view the student's school records, to receive school progress reports, to visit the child briefly at school, and to participate in parent teacher conferences (although not necessarily together in the same conference).

In a child custody case, a child will be released to an officer of the law with a proper court order. Every effort will be made to notify the parent, but by law, the school cannot hold the child.

PARKING LOT

No student will be permitted in the school parking lot at any time during the school day without permission from the administration. Any student caught in the parking lot during class time will be disciplined in accordance with the school disciplinary policy.

PRIVACY AT SCHOOL

The board expects all actions and activities associated with the school to be conducted within the confines of the law and with the best interests of students and staff in mind.

To (a) ensure compliance with state and federal privacy laws,(b) reduce the risk of stifling the free exchange of ideas, (c) shield young people from potential embarrassment, and (d) otherwise limit the disruption of the educational environment for students and staff, the district does not permit the audio or visual recording of communications or activities occurring in classrooms, offices, or common areas during the regular school day without prior written consent of a district administrator and upon such terms and conditions deemed appropriate by the district administrator. Any person who believes that that consent has been unreasonably withheld may appeal the decision to the superintendent of schools, whose decision shall be final.

PUBLIC ADDRESS SYSTEM

The public address system can be used when special permission has been received from the principal. Students who wish to have an announcement made must submit it to the principal. **ANNOUNCEMENTS WILL TAKE PLACE ONLY DURING FIRST HOUR!**

SCHOOL EQUIPMENT

All damage to school buildings or other property will be paid by those doing the damage. All offenses involving destruction of property will be dealt with by the administration, and charges will be filed. The Board of Education will pursue to the fullest the recovery for damages done to all school property.

SENIOR CAREER INTERNSHIP

Class options for Hilldale High School will include Hilldale Senior Career Internship. This class is available to seniors, after a graduation review following the junior year, to insure that each student is on-track for graduation and their schedule can accommodate the Internship. The Internship class may include, but is not limited to, the following:

Seniors may enroll in Internship for two or three hours, as their schedule allows, for one semester, for an unpaid internship.

This purpose of the Hilldale Senior Career Internship is to provide seniors with an opportunity to explore career options as they are mentored in the community.

Class will include academic, attendance, and performance components to obtain elective credit and a grade.

Students will be placed at two work sites throughout the community in the student's fields of interest for eight to ten weeks, for two sessions.

Board policies apply to students enrolled in Internship, including attendance and behavior.

The designated intern time includes travel time, one way, between school and the Internship.

Students must provide their own transportation for this elective class.

Some work sites may have additional paperwork or other requirements for students to be on their site. This is the responsibility of the Intern.

Any student removed from an Internship site will report to In-School Detention during the Intern time, receiving no credit for site work, for the remainder of that session.

STUDENT EXEMPTION POLICY

All high school students may be exempt from FIRST and/or SECOND SEMESTER final exams in a class if they meet the following criteria:

1. A student may have two (2) absences per semester accompanied by the semester letter grade of "B".
2. A student may have three (3) absences per semester accompanied by a semester letter grade of "A".

The Student Exemption Policy is valid only for students who meet the criteria mentioned above.

Any student who has a C, D, or F is ineligible for exemption in that class. Any student suspended is ineligible for exemption during the semester in which the suspension occurred. Student exemptions are completely voluntary. If a student wishes he or she may take an exam in the classes of their choice. All absences (except school activities, college visits, vo-tech, testing, and administrative), count towards exemption. Guidance will be offered to each student in regard to whether or not it is in their best interest to opt out of an exam from which the student is exempt. The Guidance counselor, in cooperation with the classroom teachers, will advise and counsel students on individual advantages and disadvantages of this option as it pertains to them.

Exception: With special Board approval.

Failure to adhere to the above rules and regulations will result in suspension from all social events and student activities.

STUDENT COUNCIL

Your Student Council serves as a training experience for both leaders and followers, promotes the common good, gives students a share in the management of the school, develops high ideals of personal conduct, acts as a clearing house for student activities, seeks to interest students in school affairs and helps solve problems that may arise. Members of the council are your representatives and have direct access to the school administration.

STUDENT DISCIPLINE

Students at Hilldale High School shall be treated in a fair and equitable manner during disciplinary proceedings. Disciplinary action will be based on an assessment of the circumstances surrounding each infraction. In determining an appropriate response to student misconduct, the student's attitude, seriousness of the offense, and the potential effect on other students shall be considered. The Hilldale High School Disciplinary Procedures Committee adopted a two-level step by step process involving level I, Teacher Intervention, and level II, Administrative Intervention, for both minor and major offenses. Listed below are examples of behavior that will be considered unacceptable for students during the school day. Appropriate disciplinary action will be taken when students are involved in these behaviors. Acts other than this list may be considered as disruptive to the daily process and the best interest of the student body.

The following behaviors at school, on school property, while in school vehicles or going to and from or attending school events will result in disciplinary action, which may include in-school placement options or out-of-school suspension:

1. Arson;
2. Attempting to incite or produce imminent violence directed against another person because of his or her race, color, religion, ancestry, national origin, disability, gender or sexual orientation by making or transmitting or causing or allowing to be transmitted, any telephonic, computerized or electronic message;
3. Attempting to incite or produce imminent violence directed against another person because of his or her race, color, religion, ancestry, national origin, disability, gender or sexual orientation by broadcasting, publishing or distributing or causing or allowing to be broadcast, published or distributed, any message or material;

MENINGOCOCCAL MENINGITIS

What is meningococcal disease? Meningococcal disease is a severe bacterial infection that can cause meningitis, bloodstream infection, and other localized infections. Meningococcal disease can be quite severe and may result in brain damage, hearing loss, or loss of limbs. Meningococcal disease is one of the leading causes of bacterial meningitis in the United States.

What are the signs and symptoms of meningococcal disease? Meningitis is characterized by fever, headache, stiff neck, or a development of a dark purple rash. Other symptoms may include nausea, vomiting and mental status changes. These symptoms at first may appear similar to other illnesses such as the flue, but the symptoms progress rapidly and persons with meningococcal disease can be seriously ill 12 – 24 hours after symptoms start.

How is meningococcal disease diagnosed? Early diagnosis and treatment are very important. If symptoms occur, the patient should see a doctor immediately. The diagnosis is usually made by growing bacteria from a sample of spinal fluid or blood.

Can meningococcal disease be treated? Meningococcal disease can be treated with antibiotics and supportive care. It is important, however, that treatment be started early in the course of the disease. Meningitis can lead to loss of a limb, permanent neurological impairment or death. Meningococcal bacteremia can result in joint infection, pneumonia, organ system failure, shock and death.

Is meningococcal disease contagious? Yes, it is contagious, **but** only when a person has been in very close contact with a person who becomes sick. It is spread by direct contact with large droplet respiratory secretions (coughing, sneezing, kissing, etc.). Close household contacts of persons with meningococcal disease are at greater increased risk of infection. This disease develops and progresses rapidly. The bacteria are not spread by casual contact or by simply breathing the air where a person with meningococcal meningitis has been. Persons who have been in close contact with a person who develops meningitis meningococcal disease should receive antibiotics to prevent them from getting the disease. Meningococcal disease is a reportable disease and the local health department will work with the case's doctor and family to determine who should be treated with preventive antibiotics.

Are there vaccines that protect against meningococcal disease? There are two (2) meningococcal vaccines available in the United States. This is something you would need to visit with your physician about to see what his or her advice would be. The vaccine is usually only administered to high-risk children and adults.

NCLB TITLE I FACTS

The District wants every parent to know the facts about **NCLB Title I – No child Left Behind Act**:

1. No Child Left Behind gives schools more money. In fact, the government is spending more money than ever before on the education of America's children.
2. No Child Left Behind holds schools accountable for results. The government believes in the bright potential of your child, and schools are responsible for making sure your child is learning.
3. No Child Left Behind gives states and cities more control and flexibility to use resources where they are needed most. Principals and administrators will spend less time filling out forms and more time helping your child learn.
4. No Child Left Behind gives parents report cards so they can see which schools are succeeding and why. With this information, parents, community leaders, teachers, principals and elected leaders can improve schools.

5. No Child Left Behind focuses on teaching methods that have been proven to work. There will be no more experimenting on children with educational fads.
6. No Child Left Behind provides funding to help teachers learn to be better teachers.

Hilldale Public Schools has completed an Asbestos inspection and has a written management plan as required by the Asbestos Hazard Emergency Act of 1987. The management plan is available in the office for those who may wish to view it.

PARENT REVOCATION OF CONSENT FOR SERVICES

Purpose

The purpose of this policy is to comply with a directive from the State Department of Education, which requires each school district to adopt a policy in compliance with the Individuals with Disabilities Education Act (IDEA) concerning a parent's right to revoke consent for all special education and related services to his or her child.

Policy

A parent must submit a written request to revoke consent for services. Parents cannot revoke consent for less than all services.

Upon receipt of a written revocation request, the District personnel will use language that is understandable to the general public regarding the change in educational placement and services that will result from the revocation of consent. In the *Written Notice*, District personnel should include language informing the parent that the student will be treated as a non-disabled student for disciplinary purposes after the revocation takes effect. District personnel will also provide the parent with a copy of *Parents Rights in Special Education: Notice of Procedural Safeguards*. Unless the parent indicates to District personnel that the parent has changed his or her mind about the revocation, the child will be removed from all special education and related services and will be treated for all purposes as a general education student following expiration of no more than 10 calendar days from the parent's receipt of the *Written Notice* form.

A child's removal from all special education and related services does not require removal of any documentation from the child's education records concerning his or her prior receipt of special education and related services. If a parent requests the removal of such information from the student's education records, then District personnel will follow the process set out in the District's Student Records policy.

At any time after revocation, the parent may request that the student be re-enrolled in special education. The District will treat the request as a request for an initial IDEA evaluation.

If a parent revokes consent prior to the administration of a statewide assessment, the District will not provide the assessment accommodations that were previously included in the student's IEP. The student will not be eligible to take an alternate assessment.

A student age 18 or older may also revoke consent for services under the IDEA. In that case, the District will follow the policy stated above, except that District personnel will send the *Written Notice* and *Parents Rights* forms to both the student and the parent.
