

Health	F.8
<i>Adopted: July 23, 2013</i>	

The Hilldale Board of Education believes that the goals of educators should include training, which helps our children to grow into productive and responsible adults.

While the general health and physical maintenance of a child is clearly the responsibility of parent, the board believes that teachers and administrators should encourage students to become aware of the value of a healthy mind and body

Any child who is determined to be afflicted with a contagious disease or head lice shall be prohibited from attending school until a health officer has determined that the child is free of head lice or the contagious disease or that the disease is no longer contagious.
