MISSION STATEMENT

Working together to provide a quality education that equips and challenges all students.

VISION STATEMENT

Hilldale Public School will use quality and creative instruction to nurture intellectual curiosity, innovative thinking and inspire lifelong learning.

LEADER IN ME

Leaderin Me great happens here *The Leader in Me* is Franklin Covey's whole school transformation process. It teaches 21st century leadership and life skills to students and creates a culture of student empowerment based on the idea that every child can be a leader.

Content from The 7 Habits of Highly Effective People is a key component of the

overall *The Leader in Me* process. The 7 Habits is a synthesis of universal, timeless principles of personal and interpersonal effectiveness, such as responsibility, vision, integrity, teamwork, collaboration and renewal, which are secular in nature and common to all people and cultures.

- HABIT 1 Be Proactive: I am a responsible person. I take initiative. I choose my actions, attitudes, and moods. I do not blame others for my wrong actions. I do the right thing without being asked, even when no one is looking.
- HABIT 2 Begin with the End in Mind: I plan ahead and set goals. I do things that have meaning and make a difference. I am an important part of my classroom and contribute to my school's mission and vision. I look for ways to be a good citizen.
- HABIT 3 Put First Things First: I spend my time on things that are most important. This means I say no to things I know I should not do. I set priorities, make a schedule, and follow my plan. I am disciplined and organized.
- HABIT 4 Think Win-Win: I balance courage for getting what I want with consideration for what others want. I make deposits in others' Emotional Bank Accounts. When conflicts arise, I look for third alternatives.
- HABIT 5 Seek First to Understand, Then to Be Understand: I listen to other people's ideas and feelings. I try to see things from their viewpoints. I listen to others without interrupting. I am confident in voicing my ideas. I look people in the eyes when talking.
- HABIT 6 Synergize: I value other people's strengths and learn from them. I get along well with others, even people who are different than me. I work well in groups. I seek out other people's ideas to solve problems because I know that by teaming with others we can create better solutions than anyone of us can alone. I am humble.
- HABIT 7 Sharpen the Saw: I take care of my body by eating right, exercising and getting sleep. I spend time with family and friends. I learn in lots of ways and lots of places, not just at school. I find meaningful ways to help others.

HILDALE HORNETS

SCHEDULE CHANGES

After school begins, schedules may be changed no later than the last day of the first full week of school, with cause.

Subjects that are dropped 10 days after the semester has started will have an "F" recorded on the student's record. This rule includes those classes that normally give an "S" or "U" as a grade. This rule includes all concurrent college classes. If any unusual case occurs in which the student feels the "F" is not appropriate, appeal may be taken to the building principal.

HONOR GRADUATES

To be considered as VALEDICTORIAN, SALUTATORIAN, and TOP 10 PERCENT OF CLASS the following requirements must be met:

The highest GPA will be ranked as Valedictorian, the second highest GPA will be ranked as Salutatorian, and the remainder of the highest GPAs will be ranked as the Top 10% until ten percent of the graduating class has been selected.

STUDENT ATHLETES - NCAA REQUIREMENTS

Students who plan to continue participating in competitive sports at the college level must contact the NCAA Clearinghouse to be sure of eligibility during their junior year of high school. The NCAA has its own guidelines for high school courses to qualify for admission to college athletics. Eligible courses are denoted in the course guide with a

blue NCAA logo. Parents are urged to contact the NCAA early to ensure eligibility.

The NCAA Clearinghouse website is listed below.

www.eligibilitycenter.org

DIVISION I ACADEMIC REQUIREMENTS

College-bound student-athletes will need to meet the following academic requirements to practice, receive athletic scholarships, and/or compete during their first year.

2018 DIVISION II NEW ACADEMIC REQUIREMENTS

College-bound student-athletes first enrolling at an NCAA Division II school on or after August 1, 2018, need to meet new academic rules to practice, compete and receive athletics scholarships during their first year.

Core-Course Requirement

Complete 16 core courses in the following areas:

OKLAHOMA'S PROMISE

Oklahoma's Promise allows eighth-, ninth- or 10th-grade students from families with an income of \$60,000 or less to earn a college tuition scholarship. Students must also meet academic and conduct requirements in high school. Financial limitations will be impacted by the number of dependent children in the home.

Students **must** take the following high school coursework to meet Oklahoma's Promise program requirements. The Oklahoma's Promise <u>Curriculum Worksheet</u> can help students record their grades and ensure they have taken the right courses. For more detailed course information go to the following link:

https://secure.okcollegestart.org/College Planning/Prepare for College/course guidelines.aspx

UNITS	COURSES
4	English (grammar, composition, literature; courses should include and integrated
	writing component
3	Lab Science (biology, chemistry, physics or any lab science certified by the school
	district; general science with or without a lab may not be used to meet this
	requirement)
3	Mathematics (Algebra I, Algebra II, geometry, trigonometry, math analysis, pre-
	calculus, statistics and probability (must have completed geometry and Algebra II),
	calculus, AP statistics)
3	History and citizenship skills (including one unit of American history and two
	additional units from the subjects of history, economics, geography, government,
	non-Western culture)
2	Additional units of subjects previously listed or selected from: computer science,
	foreign language, any Advanced Placement course, psychology, sociology, or any
	concurrent liberal arts and science course at a State System institution
15	TOTAL UNITS

INDIAN CAPITAL TECHNOLOGY CENTER

VISION Indian Capital Technology Center develops world-class leaders for the workplace.

<u>MISSION</u> Indian Capital Technology Center develops individuals for success in the workplace by providing world-class training.

<u>CORE VALUES</u> We believe that: • Every individual deserves to be served with integrity, honesty, and ethical standards. • We are comprised of highly trained professionals operating as a unified system to serve our customers and provide a strong return on investment (ROI). • We commit to student/client success by providing quality training opportunities that meet the schedules, delivery methods and skill development needs of our customers. • We collaborate with secondary education, higher education, industry and the business sector for value added training and services through collaboration that leads to economic and personal growth. • A continuous School Improvement Plan is in place and serves as a guide for decision making. • We market to our service area to assure an awareness of access and opportunity for all citizens. • We strive to meet the needs of our communities.

GOALS • To provide training and services that are career focused and industry driven to effectively meet customer demand and expectations. • To utilize Professional Learning Communities in a collaborative manner for continued school improvement. • To successfully create a system-wide culture that reflects an environment of collaboration, best practices, and professional development. • To effectively execute ICTC's School Improvement model to enhance technical skills training, student academic achievement, and work readiness skills that are embedded with high expectations for student learning. • To actively foster partnerships that promote economic development. • To be effective and diligent in assisting students to secure potential employment in their chosen career path. • To continuously upgrade and enhance our facilities and equipment to meet industry standards, environmental concerns, and future technical needs. • To fully invest in human resource development through mission driven employment practices and professional development opportunities for all employees.

High School Student Information Students attending ICTC can earn up to four credits per school year from their high school as determined by their high school if career major requirements are met. The credits earned at the technology center are issued by the partner school on the high school transcript. Students may attend ICTC in either the morning session or the afternoon session. The remainder of the day is spent at the high school. For enrollment information, contact the high school counselor and/or Counselors at ICTC.

CONNORS STATE COLLEGE – CONCURRENT ENROLLMENT

http://connorsstate.edu/recruit/

TULSA COMMUNITY COLLEGE - CONCURRENT ENROLLMENT

www.tulsacc.edu

A concurrent student is a student taking college course while still in high school. Through Connors State College's concurrent enrollment program, students can get a head start on earning college credits and also get a taste of college life. Directions for applying can be found at the link below. If you have any questions please contact a high school counselor.

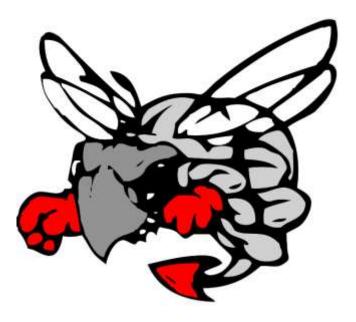

Concurrent High School Enrollment

High school seniors and juniors from accredited high schools and non-accredited private or non-public high schools may concurrently enroll provided:

- Student meets Composite ACT and GPA Requirements of:
- Seniors Have an ACT composite score of 19 or a 3.0 GPA.
- Juniors Have an ACT composite score of 19 or a 3.0 GPA.
- Signed statement from High School Principal confirming eligibility*
- Written recommendation from high school counselor*
- Written permission from parent or legal guardian*
- Provide current official high school transcript for each semester of concurrent enrollment.
- High school students who want to enroll in college-level courses must earn a score of 19 or higher on the ACT subject test for the area(s) in which they want to enroll. Requirements for specific subtest are as follows:
- Math ACT Math score of 19 or higher
- English Composition I ACT English subscore of 19 or higher and Reading subscore of 19 or higher.
- Science Math subscore of 19 or higher and English subscore of 19 or higher and a Reading subscore of 19 or higher.
- A Reading subscore of 19 or higher is required for enrollment in any other subject area not listed above.
- Concurrent students may not enroll in remedial (zero-level) coursework offered by colleges and universities and designed to remove high school deficiencies.
- Concurrent high school students may not participate in secondary testing to establish proficiency in any areas.

* The Connors State College Concurrent Enrollment Verification, Recommendation, and Permission Form may be used to certify: The student is eligible to satisfy requirements for graduation from high school (including curricular requirements for college admission) no later than the spring the senior year.

- The combined number of high school, career tech and college courses per semester does not exceed a full time college workload of *19 semester credit hours*. For the purposes of calculating workload, one-half high school unit is the equivalent to three semester credit hours of college work.
- ALL Summer classes will be recorded on the student's transcript and counted toward their final GPA.
- The student meets the admissions and enrollment standards established by the Oklahoma State Regents for Higher Education.
- The student has permission from parent or legal guardian to enroll concurrently at Connors State College.

AVAILABLE COURSES

MINIMUM GRADUATION CREDIT REQUIREMENTS FOR HILLDALE HIGH SCHOOL

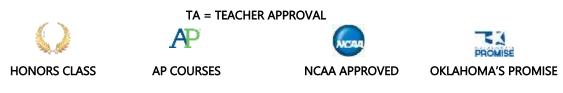

The College Preparatory Plan is the standard component of the required course of study to graduate from Oklahoma Public Schools. All students will participate in the College Preparatory Plan.

SUBJECT	COLLEGE PREPARATORY PLAN
	4 Total Credits
	English I
English	English II
	English III
	English IV or Comp I and II
	3 Total Credits
	Must include 1 credit in Biology
Science	And 2 credits in physical sciences to include:
Science	Physical Science, Chemistry, Physics,
	Anatomy/Physiology, Botany/Ecology, Zoology
	Concurrent Science classes
	4 Total Credits
Math	1 credit of Algebra I;
ividti	1 credit of Geometry;
	1 credit of Algebra II;

1	
	Trigonometry, Math & Finance, Business Math
	Concurrent Math classes
Social Studies	3 Total Credits 1 credit of World History/World Geography 1 credit of US History; .5 credit of Civics/Government and OK History Concurrent History classes
Fine Arts	1 Credit Art, band, choir, drama, music appreciation, World Arts/Culture, Bible Arts/Culture
Foreign Language or Computer Science	2 Total Credits 2 years of the same language or Choose from the following Computer I, Graphic Design, Digital Media, or STEAM
Total Credits	College Preparatory Plan College Preparatory Plan plus electives and <u>1</u> additional core class to earn at least <u>24 total</u> credits All students are required to take a Personal Financial Literacy Course, CPR Training, & complete the FAFSA. Students should choose an Individualized Career and Academic Pathway the plan of study will help the student to make solid course plans choices as they relate to their career choice.

NOTE: Students and parents should be aware the Hilldale High School administrators, counselors, and teachers will help students meet graduation requirements; however, it is the responsibility of the student and parent(s) to make sure all requirements are satisfied. Therefore please make course selections carefully.

KEY FOR COURSE SCHEDULE:

GRADING SCALE

Normal grading scale for high school students will be as follows:

А	90-100
В	80-89
С	70-79
D	60-69
F	0-59

Students will receive a grade report card at the end of each semester. Parents may request progress reports on a more frequent basis by contacting the counseling office or logging in to their parent portal.

Any grade that is an "I" must be changed by the teacher at the end of the tenth school day of the new grading period. Every "I" will be changed to failing grades by the office after this date. Teachers may request additional days if circumstances are warranted.

All grades must be finalized when teachers check out for the summer unless the student and teacher have made arrangements for an extension. The grades must be finalized ten days after the school is out for the summer.

BLENDED LEARNING PROGRAMS

Blended learning is a method of teaching that incorporates online curriculum and technology with the traditional face-toface instruction from a teacher. Blended learning allows student learners to determine their pace and place of learning while still having the assurance of an on-site teacher to facilitate their learning and necessary curriculum that best fits the educational needs of the individual student.

Hilldale High School will be offering blended classes to students next year through a program called **Edgenuity**. This online platform provides several curriculum opportunities that would not otherwise be possible at our school. Students enrolling in these blended learning programs will meet one day per week minimum, regardless of the courses in which they are enrolled. All **Edgenuity** course enrollments must be pre-approved by the principal prior to enrollment. See Page 14-15 for available course offerings.

COURSE:	ENGLISH I	COURSE CODE: 4045
LEVEL: 9	CREDIT: 1	PREREQUISITE:
	-	designed to offer the student the opportunity to increase skills in writing

speaking, spelling, sentence composition, paragraph writing, literary interpretation, and library skills. Topics covered will be speech, short stories, novels and nonfiction, element of research, drama, and the development of the five paragraph essay.

COURSE:	PRE AP HONORS ENGLISH I	COURSE CODE:	4046
LEVEL: 9	CREDIT: 1	PREREQUISITE:	

This freshmen level class meets the standards and requirements of English I while providing a challenging class for college-bound students. This course covers material in greater depth and at a faster pace than English I. Individuals increase their ability to interpret and communicate through writing and speaking, spelling, sentence composition, literary interpretation, library skills, and the development of the five paragraph essay. Topics covered will be speech, novel and nonfiction, elements of research, and drama. An emphasis will be placed on comprehension, analysis, evaluation, and discussion, skills stressed in an AP program.

COURSE:ENGLISH II (WORLD LIT)COURSE CODE:4048LEVEL:10CREDIT:1PREREQUISITE:

English II, is a sophomore level class combining literature and grammar. The course is designed to acquaint students with the various genres of literature as well as to emphasize writing skills. Objectives are designed to meet the Oklahoma Academic Standards. Literature selections will be a mixture of American, English and world authors covering poetry, drama, short stories and novels. Grammar and mechanics will be used to reinforce and improve writing basics such as sentence structure, paragraphs and essay writing.

COURSE:	PRE AP HONORS ENGLISH II	COURSE CODE:	4049	\bigcirc
LEVEL: 10	CREDIT: 1	PREREQUISITE:		

This sophomore level class meets the standards and requirements of English II while providing a challenging class for college-bound students. Vocabulary, writing and the study of complex literature are the major focus of the course. Literature selections will be a mixture of American, English and world authors covering poetry, drama, short stories and novels. Grammar and mechanics will be used to reinforce and improve writing basics such as sentence structure, paragraph and essay writing. There will be out of class reading assignments and oral presentations as needed.

COURSE:	ENGLISH III (AMERICAN LIT)	COURSE CODE:	4051	
LEVEL: 11	CREDIT: 1	PREREQUISITE:		
				 ĩ

English III, a junior level class, combines literature and grammar. This survey course covers the literature of America from the Puritan Age to present time. This Grammar and mechanics will be used to reinforce and improve writing basics such as sentence structure, paragraph and essay writing. The course is designed to incorporate the Oklahoma Academic Standards.

COURSE: A

E: AP HONORS ENGLISH III <u>11 Cr</u>edit: 1 COURSE CODE: 4057 PREREQUISITE:

AP for this junior level class meets the standards and requirements of English III and is designed to teach students the basics of writing essays for the College Board's AP test in English Language. After learning the basics of logic, reasoning and persuasion, the students will practice writing argumentative essays. Students will learn to analyze writing by looking at elements of style such as diction, imagery, tone, point of view, syntax and other rhetorical devices. A heavy emphasis will be placed on a survey of American literature and historical documents. The course prepares the student to sit for an optional AP Language and Composition Exam; a qualifying score on this exam could translate to college credit.

LEVEL: 12 CREDIT: 1 PREREQUISITE:	COURSE:	ENGLISH IV (ENGLISH LIT)	COURSE CODE:	4054
	LEVEL: 12	CREDIT: 1	PREREQUISITE:	

English IV, is a senior level class combining literature and grammar. The survey course covers the literature of Britain from the Anglo-Saxon period to present time. Grammar and mechanics will be used to reinforce and improve writing basics such as sentence structure, paragraph and essay writing. The course is designed to incorporate the Oklahoma Academic Standards. The research paper is a requirement to pass the class.

COURSE:	AP HONORS ENGLISH IV	COURSE CODE:	\cap
LEVEL: 12	CREDIT: 1	PREREQUISITE:	
	AP English IV is intend	ed to replace college level freshman Englis	h. This course meets the standards and

AP test in English Literature. Students will also learn research skills, produce a research paper as well as multi-media projects. Students will be prepared to take the optional AP Literature and Composition Exam; a qualifying score on this exam could translate to college credit.

COURSE:PHYSICAL SCIENCECOURSE CODE:5160LEVEL:9CREDIT:1PREREQUISITE:

Physical Science is a full-year course that investigates the fundamentals of Physics, Chemistry, Astronomy, and Earth Science. Math skills will be called upon as force, motion, and energy are investigated. The properties of matter, atomic structure, and chemical reactions allow the student to acquire an understanding of the world around them at a microscopic level. Electricity, magnetism, and waves will be discussed as the student learns how these are formed and the features that characterize them. The class also incorporates topics concerning the physical processes on earth, and the motions, characteristics, and forces in space.

COURSE:	BIOLOGY I	Course code:	5031
