

Hilldale Public Schools

Digital Learning Policies and Procedures

2020-2021

The focus of the digital learning environment initiative at Hilldale Public School District is to provide necessary tools and resources for a digital learning environment characterized by flexibility, collaboration, personalization, creativity, and technology rich learning that will lead students to be ready to work and learn in the 21st Century. At Hilldale, technology will be integrated throughout the educational program. The digital learning environment empowers students and teachers to use technology in new ways.

Learning at Hilldale requires interaction among students, educators, parents, and the extended community. Implementation of a digital learning environment enables learning that is no longer limited by the four walls of a classroom or building.

The policies, procedures, and information within this document apply to all district owned devices used within the Hilldale School District. Individuals or teams of teachers may set additional requirements for use in their classroom.

Use of the device is at all times subject to the rules governing legal and ethical behavior set forth in this document and other pertinent Hilldale Public School District Policies. Students shall abide by these rules whenever using the device, whether at school or away from school.

1. EQUIPMENT DISTRIBUTION AND COLLECTION

4.1 Saving to Your Device

- Student 1:1 Device come with little internal memory, so all students will be encouraged to save important files or information on their Google Drive or USB/Flash Drive.
- It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. 1:1 DEVICE malfunctions are not an acceptable excuse for not submitting work.

4.2 Network Connectivity

- The School District makes no guarantee that its network will be up and running 100% of the time.
- In the rare case that the network is down, the District will not be responsible for lost or missing data.

5. SOFTWARE ON THE DEVICE

5.1 Originally Installed Extensions

- The applications originally installed must remain on the device in usable condition and be easily accessible at all times.
- Periodic checks of devices will be made to ensure that students have not removed required software/extensions.

5.2 Additional Extensions/Software

- Students are not allowed to download additional extensions on their device without permission from the administration.
- The School District will synchronize student devices so that they contain the necessary software/extensions for schoolwork.

5.3 Inspection

- Students may be selected at random to provide their device for inspection.
- Devices are the property of the School District, and any staff member may confiscate any device at any time for any purpose if they feel the device is being used improperly.

5.4 Re-loading Software

- The device will be restored to the factory image when technical difficulties occur.
- The school does not accept responsibility for the loss of any software or documents deleted due to a reformat and re-image.

5.5 Software upgrades

- Students may be required to check in their device for periodic updates and syncing.
- Students are also expected to perform updates on devices as they are notified to do so.

6. DIGITAL CITIZENSHIP

The use of the Hilldale Public School's District technology resources is a privilege, not a right. The privilege of using the technology resources provided by Hilldale Public School District is not transferable or extendible by students to people or groups outside the district and terminates when a student is no longer enrolled in the Hilldale Public School District. This handout is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violates any of the terms and conditions named in this handout or the District, other pertinent District Policies or applicable law, privileges may be terminated, access to the school district technology resources may be denied, and appropriate disciplinary action may be applied.

Violations may result in disciplinary action up to and including suspension or expulsion for students. When applicable, law enforcement agencies may be involved.

6.1 Parent/Guardian Responsibilities

- Your son/daughter has been loaned a digital device to enhance his/her education this year. To help ensure the safe, efficient, lawful, and ethical operation of the district's digital device, the terms of this handout and the Hilldale Public School District Acceptable Use Policy and other pertinent District Policies and applicable laws must be followed. In order for your son/daughter to use this device in class and to take it home, you must be willing to accept the following conditions and responsibilities:
- Parent(s)/Guardian(s) will:
 - a. Discuss the expectations and precautions that should be followed while on the Internet.
 - b. Supervise the device at home.
 - c. Ensure that the device arrives at school fully charged.
 - d. Review this handout and all policies on using the device with the student and require compliance with these provisions.
 - e. Be responsible for acquiring Internet in their home if they so choose.
- Should you choose to opt out of having your son/daughter take a digital device home each evening, you will need to sign a form indicating this and understand that your son/daughter is still responsible for meeting the course requirements, which will be expected to be submitted using the same applications, and formats as are utilized on the assigned digital device.

6.2 School Responsibilities are to:

- Provide safe and monitored Internet access and provide an individual school monitored Google account to its students.
- Provide spam or non-educational blocking of inappropriate websites or materials on the school district's networks.
- Immediately report any inappropriate digital content to the building principal.
- Provide network data storage areas. The School District reserves the right to review, monitor, and restrict information stored on or transmitted via School District owned equipment and to investigate inappropriate use of resources.
- Provide guidance to aid students in use of provided digital devices and help assure student compliance of the acceptable use policy.

6.3 Students are Responsible For:

- Each student will:
 - a. Use the device and accessories in a responsible, ethical, and legal manner.
 - b. Bring the device to school each day, fully charged.

- 2nd Offense: Students will leave their 1:1 DEVICE in the office for a 14 calendar day suspension, while still being responsible for all required academic work.
- 3rd Offense: Students **will lose the privilege** of using their 1:1 Device for the rest of the quarter or semester whichever is longer and further disciplinary action will be determined by the administration.

6.7 Social Media

This section provides information about how to use social media responsible, both within and outside the school community.

- Social media defined: any form of online publication or presence that allows interactive communication, including social networks, blogs, photo sharing platforms, Internet websites, Internet forums, and wikis.
- Create the digital image you want.
 - a. A digital footprint is the reputation you leave online and can include material posted on blogs, and mentions on websites and videos that are uploaded onto sharing sites. Online actions leave a permanent record and remain online, even if you click “delete.”
 - b. You should always take responsibility for the content you post in all social media environments. Be your best self online- post accurate information and be accountable for what you say.
- Post responsibly- be mindful of your audience.
 - a. Using social media academically is an extension of your classroom environment. When you use social media for academic purposes, such as for

- a school assignment, treat the platform as a digital extension of your classroom. The same rules apply online as they do at school.
- b. Put your best foot forward. Since you never know who will ultimately be reading content online, always assume that anyone might have access.
 - c. Pause before you post. Once a comment is posted online, you cannot later say, “Never mind. As guidance, take a few extra minutes to think about whether a post will be hurtful or embarrassing or whether it could negatively affect a future opportunity.
- Consider the consequences to your online actions.
 - a. Personal use of social media may have an effect at school. Sometimes, personal social media use, including off-hours use, may result in disruption at school and the school may need to get involved. This could include disciplinary action such as a parent conference or suspension. It is important to remember that infractions outlined in the Digital Learning Policies and Procedures prohibiting certain types of communication also apply to electronic communication.
 - b. Protect yourself online. Use caution, find out as much as you can about the person, and tell a parent if you are considering meeting one of these people face to face.
 - c. Adjust your privacy settings appropriately. Privacy settings are automatically set by social media providers governing who can see your posts, how information is linked, and what data is available to the public.
 - Take threats of cyberbullying seriously.
 - a. Cyberbullying takes many forms. Cyberbullying is the use of electronic technologies to hurt or harm other people.
 - b. Report the behavior and get help. If you are being cyberbullied or hear about/observe someone else being cyberbullied, report the behavior and get help. You can tell a parent, school staff, another adult family member, or a trusted adult.

- Know what to do. “De-friend,” block, or remove people who send inappropriate content.
- Understand the fine print and other rules.
 - a. There is no right to privacy when using school-related social media. If you are using the school’s device or network, the school may review what you post.

STUDENT PLEDGE FOR 1:1 DEVICE USE

Your device is an important learning tool and is for educational purposes only. In order to take your device home each day, you must be willing to accept the following responsibilities:

- I will bring my device to school every day charged.
- I will take good care of my device.
- I will never leave the device unattended.
- I understand that my device is **subject to inspection at any time without prior notice** and it is known that devices are the property of the School District.
- I will never loan out my device to other individuals.
- I will keep food and beverages away from my device since they may cause damage to the device.
- I will not disassemble any part of my device or attempt any repairs.
- I will protect my device by only the case and cover provided.
- I will use my device in ways that are educational, appropriate and meet District expectations.
- I will not place decorations (such as stickers, markers, etc.) on the device or deface the serial number.
- I will follow the policies outlined in the 1:1 device portion of this handbook and applicable technology policies while at school, as well as outside the school day.
- I will not load extra extensions onto my device.
- I will be responsible for all damage or loss caused by neglect or abuse.
- I agree to return the device, case, and power cords in good working condition, nearly similar to how it was received.
- I will return the device at the end of the year with the original items.
- I will notify school officials in case of theft, vandalism, and other acts covered by insurance.
- I understand that a police report will be filed by the school if necessary.

Your child has been issued a 1:1 device to personalize his/her education this year. It is essential that the above guidelines be followed to ensure the safe, efficient and ethical operation of the device.

STUDENT/PARENT ACKNOWLEDGEMENT

Students: I have read and will abide by the District's Digital Learning Policies and Procedures. I further understand that any violation of these policies and procedures is unacceptable and may constitute a criminal offense. Should I commit any violation, my access privileges may be revoked and school disciplinary action and/or appropriate legal actions may be taken.

Parents: I have read and agree to assist my student in understanding and abiding by the District's Digital Learning Policies and Procedures. I understand that access to the District's technology equipment and its entire system of electronic communication is designed for educational purposes. I also understand that some materials on the Internet may be controversial and objectionable and that, while every attempt will be made to block inappropriate sites, it is impossible for the District to guarantee all inappropriate sites with controversial and objectionable materials will be blocked. I understand that the improper or inappropriate use of technology equipment and the District's system by my student may result in revocation of his/her technology privileges and the imposition of school discipline. I understand that my student's illegal actions may necessitate referral to the appropriate law enforcement agency.
